

# Our approach to responsible business

## 2014 highlights

By making health more accessible for everyone, supporting our people and our planet, we aim to deliver value across all we do.

### Health for all

Globally we ranked Number 1 on the Access to Medicines Index for the fourth year in a row.

We provided \$375,000 to patient advocacy groups in Australia and New Zealand.

1

We reached a major milestone in our 30 year fight against malaria by submitting a regulatory application for our vaccine candidate RTS,S to the European Medicines Agency.

### Our behaviour

#### Our values

Transparency, Respect for People, Integrity, Patient focus

2

### Our people

We spent

1,080

volunteer hours in our local communities

3

We provided nearly \$270,000 to community groups across Australia and New Zealand, including Save the Children, the Royal Flying Doctor Service, KidsCan and Youthline.

We have modernised the sales compensation model for our pharmaceutical sales team to be based on scientific knowledge, capability and customer feedback.

Save the Children

HELPING TO SAVE ONE MILLION CHILDREN'S LIVES

4

### Our planet

We made significant progress toward achieving a carbon neutral global value chain by 2050.

We delivered a 5% reduction in water usage at our Boronia manufacturing site in Victoria.

Our staff donated more than \$20,000 across Australia and New Zealand to support our global partnership with Save the Children.
