

GSK and ViiV Support the Uluru Statement from the Heart

Monday 22nd March 2021

GSK and ViiV are proud to support the Uluru Statement from the Heart.

We accept the invitation from the Uluru Statement to all Australians to support constitutional and structural reform so Aboriginal and Torres Strait Islander people can take their rightful place in our nation.

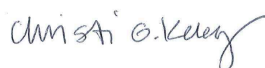

We support the proposal for a Voice to Parliament enabled by the constitution that gives Aboriginal and Torres Strait Islander people a say on matters that impact their communities.

The Uluru Statement was delivered to the Australian people in 2017, after extensive dialogue with Aboriginal and Torres Strait Islander people.

Christi Kelsey, VP & GM Australia Pharmaceuticals said, “The call for a Voice to Parliament through the Uluru Statement from the Heart remains just as important as it was in 2017. It is a fair and practical reform that will make a real difference for Aboriginal and Torres Strait Islander people. I am proud to be leading an organisation on a reconciliation journey. Through our learnings, we have recognised how important this Statement is - and while it has been a few years since originally released, we nonetheless recognise that it is essential that we show our support now. I am proud to sign the Digital Canvas, representing both my personal support and the support of GSK Australia. I believe now is the time for our nation to make this change happen.”

GSK and ViiV are also proud to support the From the Heart campaign to raise awareness and understanding of the Uluru Statement from the Heart around Australia.

From the Heart is a campaign designed to increase awareness and understanding and build support for the Uluru Statement and a Voice to Parliament enabled by the constitution. Read more about From the Heart at www.fromtheheart.com.au and read the Uluru Statement at www.fromtheheart.com.au/uluru-statement.
